Re: PSC Hearing

Superintendent Ybarra,

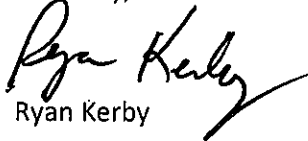

I hereby request a hearing regarding Case No. 21632. I have several weeks when I will be out of the state this summer and fall, so please provide some dates that will work.

I also hereby request that Lisa Colon Durham not be allowed to hand select people who agree with her position to sit on the hearing panel. She is in charge of the Commission, wrote and filed the charge herself, so since she is already Sheriff, Prosecuting Attorney, and Judge, allowing her to hand select the jury would make this even more biased than it is at the present time.

I would appreciate a format for the hearing. Calling of witnesses, cross-examining them, etc.

Additionally, I want you to know that I will be subpoenaing Pete Koehler of the State Department of Education to testify at the hearing. Please advise on the proper protocol regarding subpoenaing Mr. Koehler.

Sincerely,

Ryan Kerby
