*James Foudy, Superintendent*

Dear Families,

Immigration has been a major topic of discussion recently, both locally and nationally. With the new administration in office, there have been changes to immigration policies.

It's important to know that a child's immigration status (or their parents) does not affect their right to receive an education. We do not collect information on immigration status, and we are committed to creating a safe and welcoming environment for all students.

We understand that immigration issues may cause concern. If you have any questions or need support, please contact your child's school. Our counselors and social workers are here to help, whether directly or by connecting you to local resources.

Thank you for your continued support during this time.

Sincerely,

Jim Foudy  
Superintendent  
Blaine County School District
